FALL CLEANUP SAFETY TIPS

Ladders

- Use the appropriate ladder for the job.
- Inspect the ladder for structural integrity before using it. Be aware of power lines when working on a ladder.

Outdoor Burning

- Contact your local fire department regarding burning regulations.
- Notify your local fire department when planning a controlled burn.

Chippers & Shredders

- Never put your hands into a running chipper/shredder mechanism to clear debris.
- Use the appropriate sized machinery for the job.

Electric Trimmers

- Use safety glasses or goggles when trimming to protect your eyes.
- Keep power cords out from under foot and away from the cutting blades.
